

help us bring  
#theOmegaDifference  
to your community

From the very beginning, Omega Builders has been dedicated to the communities in which we build. With our roots in Temple, TX Omega Builders has been integral in the growth & development of our community for over 50 years. As we've grown into new regions, we've kept our offices local, our teams local, and our partners local — we understand what it means to be local. Each year we support schools, organizations, and charities throughout Temple-Belton, Bryan-College Station, and Georgetown.

### 3 IDEAS TO CONSIDER

1. Collect non-perishable food and deliver to a local food pantry or Central Texas Food Bank.
2. Gather books you've read and donate to your city library.
3. Donate blankets, pet toys & pet food to the animal shelter in your city.

Stop by any of our model homes or corporate office to pick up a reusable Omega Builders bag to help spread the word! Whether you decide to use it at the grocery store or fill it with a donation, you'll be working with us to make a difference — right in your community!
